

REMARKS/ARGUMENTS

Favorable consideration of this application is respectfully requested. Applicant has rewritten claims 1, 23, and 24. Favorable reconsideration of this application is, consequently, earnestly solicited in view of the following remarks. Applicant gratefully appreciates the examiner's previous indication that claims 16 and 31 contain allowable subject matter if put into independent form. As such, Applicant has previously amended claim 1 to include the features of former dependent claims 12-14 and 16, and amended independent claim 23 to include the features of former dependent claims 30-31.

Applicant gratefully appreciates the telephone conversation with the examiner to cover to request clarification of the points raised by the Examiner and has made a good faith attempt to respond to all the requests by the examiner.

As to the objection to the drawings, applicant has included substitute drawings in a good faith attempt to provide clearer drawings. Entry of the replacement sheets is respectfully requested. Thus, removal of the objection is respectfully requested.

As to the objection to Fig. 8 contains "recitation of registered trademarks(e.g. Audi, BMW.... " Applicant notes that Figures 10-12 references these marks and not Fig. 8. Applicant has included amendments to paragraph in the specification that reference these marks in the specification. Thus, removal of this objection is requested.

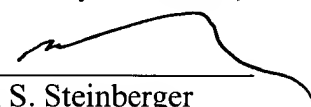

As to the objection to the claims, applicant has included with this response all the pending claims in double space form. Thus, removal of this objection is requested.

Applicant acknowledges the request for cooperation for correcting errors to the specification and also requests the Examiner's cooperation in also making corrections.

Claims 1, 2, 6-9, 23-24 and 32-35 were rejected under sec. 112, as being indefinite. Applicant has made a good faith effort to carefully attempt to address the points raised by the rejection. Applicant believes that the current amended claims now render this rejection is now moot. Thus, removal of this rejection is requested.

It is respectfully urged that a formal notice of allowance be granted for claims 1, 2, 6-9, 23, 24 and 32-35 which are believed to still be allowed. Such action is respectfully requested. If the Examiner believes that an interview would be helpful, the Examiner is requested to contact the attorney below.

Respectfully Submitted;

Brian S. Steinberger
